Mexico finished first in Pool B and will continue its quest for a World Championship berth in the quarterfinals.

In Wednesday's quarterfinals, Costa Rica will face Puerto Rico, while Mexico will take on the Dominican Republic. The winners will advance to the semifinals and secure the two remaining World Championship berths.

United States 3, Dominican Republic 0

The United States secured its place at the 2027 FIVB Girls' U19 World Championship by advancing directly to the semifinals of the NORCECA Continental Championship after defeating the Dominican Republic in straight sets 3-0 (25-18, 25-18, 25-14) in the final match of Pool A. With a perfect 2-0 record, the United States finished atop Pool A, earning a direct berth to the semifinals and one of the four NORCECA qualification spots for the U19 World Championship. The Americans must now await the conclusion of pool play to determine whether they finish as the first or second-best pool winner, which will decide their semifinal opponent. The Dominican Republic finished second in Pool A with a 1-1 record and advanced to the quarterfinals, where it will compete for one of the remaining two semifinal berths and World Championship spots. The opening set remained close until the score was tied at 14-14, when the United States took control and never looked back. The Americans maintained the pressure throughout the next two sets, gradually extending their lead to complete the straight-set victory. The United States held the advantage in attacks (33-21), blocks (7-4), and aces (7-2), while also committing fewer errors, conceding 23 points compared to the Dominican Republic's 28.
